

7/17 Goals -

Today is Friday, I have work,
then the Daggerheart meeting

Yesterday, I had work and then
a lunch dinner and we watched the
show of Council of deities.

Yesterday/this morning, I've been
absorbing the different aspects of
creating a new timeline for Daggerheart.

I appreciate I have a new person on the
team and I'm glad there's a strategy
involved and this is what development is
and I'm going to grow towards it over time.

Yesterday, I finished my batch of
creating moodboards.

I appreciate that in the world of ideas,
we must keep going.

I read a tiny bit of the psychology book
and it made a lot of sense to me
in terms of personality and teaching.

Perhaps, I've spent some time
being confused about the
state of home.

I think of some points I wanted to
develop a peaceful nothingness because
I feel the weight of the floor or something.
But I can appreciate the beauty metaphor
and the idea of having so many particles
that it becomes a medium with its
own properties.

Cat Daddy

the feeling of
universe the
romance of the night
in the night we drink dark
liquids and write poems
written half awake.

Tracy - I'm excited to form goals,
create events and live the
vision.

Deep breath - mind mapping is one of
my favorite things to do and the very
grateful to get clear on the vision.
I'm looking forward to working with
and I feel good so much more relaxed
to have a professional help me keep
the dream alive and by handy -
it's been a journey of this and that.

I appreciate the cats and just
going one by one feeling out what
they want - objectives and outcomes

Today the objective
"manifest whimsy" pops out
perhaps this is the idea -
new tip I've not rolled out and
I appreciate the idea - but where
the contact is getting going again?

Deep breath perhaps it's a matter
of willing different role taking as
it's the best step to take?
Perhaps the simplicity of shopping
would be a more rounded tip?

Perhaps the whimsy part is the most
date - I've not rolled out
announcements about Artist Dates and
I'd be interested in getting you show
the of things again.
